

Our listed caterers are perfectly accustomed to the Pavillons de Bercy and its constraint; they will be able to offer services in harmony with the setting of the Musée des Arts Forains, Théâtre du Merveilleux, Salons Vénitiens and Magic Mirror without exclusivity nor obligation.

You can also prefer your customary caterer, or any caterer not on this list. In this case the intervention of an unlisted caterer will need to be authorised by the Pavillons de Bercy and a punctual agreement will be established according to the Article 4 of our requirements. The preparation areas of all our venues are easily accessible (on the ground floor) and equipped with electricity supplies conform to standards.
