Le Magic Mirror

A PRESTIGIOUS RECEPTION AREA

This circular hall from the 1920s is an authentic piece of festive heritage. Its name comes from the countless bevelled mirrors that make it up. Its prestigious décor and mahogany panels create a cosy, intimate atmosphere that makes it a warm and inviting place to socialise.

AN EXCEPTIONAL EVENT FOR YOUR GUESTS

Particularly suited to small-scale events, it will delight your guests, who will be plunged into the world of a Belle Epoque theatre. It is ideal for product presentations, press conferences or business meetings. It can also be the setting for a prestigious dinner. This room will make your events exceptional.

THE ORIGINS OF MAGIC MIRRORS

There are only six originals in the world, including this one dating from 1924. Like the carousel fairs that took the funfair from town to town, "secular cathedrals that would have been listed if they hadn't been nomadic", the Magic Mirror brought dancing and festivities to the villages. This room is a real jigsaw puzzle, with a structure made from thousands of pieces of wood and several hundred bevelled mirrors.

Made in Chicago in the 1920s, this forerunner of the jukebox works thanks to the perforated cardboard that plays the trio of instruments hidden inside.

SPOTLIGHT ON COMMITTED PROVIDERS

savr

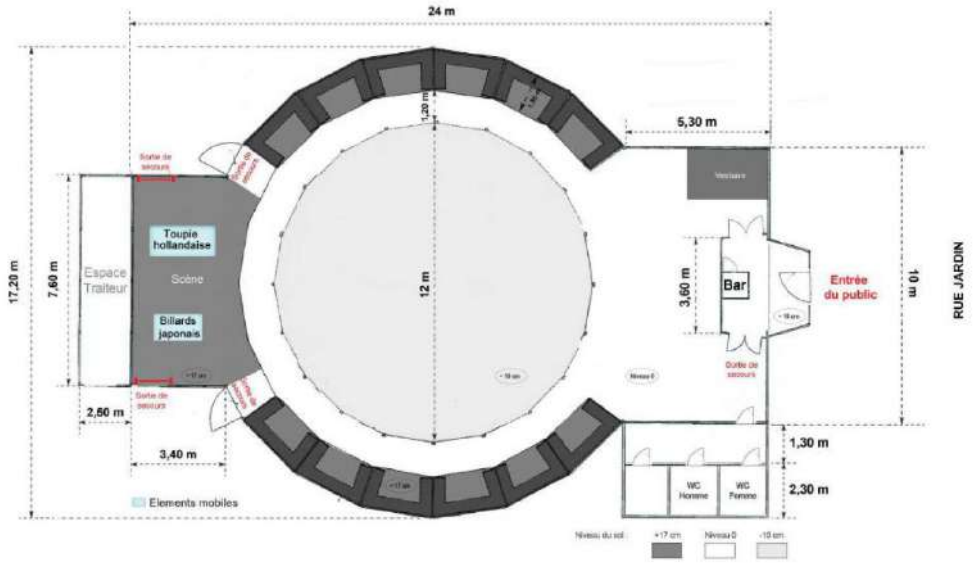

At events, 1 meal out of 10 is thrown away, while at the same time, 1 in 5 people in France faces food insecurity. Savr was created to help reduce this contradiction by enabling event professionals to safely donate surplus food to charities.

Meanwhile, Muto tackles the issue of waste generated by event scenography by encouraging reuse and giving a second life to fittings and materials that are often designed for single use.
